

TROOPS GUARD RUINS AS PROBE INTO FALL RIVER FIRE OPENS

97 BUILDINGS ARE BURNED IN PATH OF RUSHING FLAMES

Continued from First Page.

On top of the terrific blow dealt by flames comes the danger of typhoid epidemic. City Health Commissioner Ernest M. Morris issued a warning of this menace. The fresh water supply is dangerously low because of the millions of gallons poured on the fire.

Investigation to determine the cause and place the responsibility was launched by Deputy State Fire Marshal George Mansfield, State Fire Inspector Timothy C. Murphy, State Fire Engineer Carl Stetson and State Police Sergeant Reardon—all assigned to this task by Commissioner of Public Safety Alfred F. Foote.

Lieutenant-Governor Allen, acting chief executive in the absence of Governor Fuller, after spending a night with little sleep, keeping in touch with the situation, came here to "size up things" and ascertain if relief is needed.

300 Treated by Doctors While Flames Are Raging

The ruins are still smouldering, but the city is out of danger, saved by firemen of many Bay State and Rhode Island cities and a miraculous change in the wind which doubled the flames on their course.

Business men, refusing to be disheartened, announced a meeting tonight in the Chamber of Commerce rooms to plan reconstruction. State Treasurer William S. Youngman has offered a special loan without waiting for legislative authorization.

Following the investigation by State officials, aided by local police and firemen and the local Public Safety Commission, an inquest will be held by a judge of the District Court, it was stated.

Only persons with business in the burned area, which roughly covers six city blocks, are permitted to pass through the fire lines, special passes being issued for this purpose.

In the heart of the fire zone, under specially strong guard, are the vaults of six banks that went down before the onrush of flames, many thousands of dollars reposing in the vaults amid the wreckage.

Insurance experts on the scene estimated the loss at \$25,000,000. Some officials placed it even higher, while Mayor V. Harry Monks and Fire Chief Jeremiah Sullivan estimated conservatively at from \$7,000,000 to \$12,000,000.

As the buildings destroyed were in the heart of the city where assessed valuations are highest, the loss may far exceed that in the historic Salem and Chelsea fires.

The fire is believed to have been caused by a small blaze said to have been built by workmen in one of the destroyed mills. This mill was being dismantled and workmen were accustomed to warm themselves by fires started with waste wood

AIRPLANE VIEW SNAPPED BY BOSTON EVENING AMERICAN STAFF PHOTOGRAPHER

Buildings Destroyed in Fall River Fire

Three of the Pocasset Mills buildings, Pocasset and Central streets; Mohican Hotel, Main street; Rialto Theatre, Main street; Granite Block, Main street (largest office building in the city); Old Fall River Herald Building, Main street; Eagle Restaurant, Main street; Merchants Block, Main street.

City News Company, Main street; Central Garage, Banks and Central streets; Stone's Garage, Banks street; Kennedy Building, Banks and Durfee streets; Wilbur Hotel, North Main street; Kresge 5 and 10-cent Store, South Main street.

Bowling Alleys, Central street; Western Union Office, Bedford street; Metacommet National Bank; Massachusetts National Bank; Fall River Daily Globe; New England Transportation Company Depot.

Premier Theatre; Postal Telegraph Office; McQuirk's Department Store; Boys' Club; Union Savings Bank; Citizens' Savings Bank; Coughlin Block; Waring Block; Majestic Theatre.

Old City Block, formerly City Hall; Green Block; Troy Co-operative Bank; Old Durfee Block; Buffington Block; Old Opera House; Beth-El Synagogue.

and old bobbins, according to reports.

The oil-soaked floors of the Pocasset Mill building on Central street gave the fire its disastrous headway, according to observers.

FULLER OFFERS AID OF STATE TO FIRE-SWEPT FALL RIVER

The full machinery of the State was put in operation today by Governor Fuller before he left town, for relief of fire-stricken Fall River.

Governor Fuller, after sitting up practically all night receiving reports on the fire from General Alfred P. Foote, commissioner of public safety, who was on the scene, offered the Commonwealth's aid personally to Mayor Monks of Fall River and pledged \$1,000 as a personal contribution for starting a relief fund.

Then, after conferences with various officials at the State House, during which Public Health Commissioner George H. Bigelow expressed concern over possible contamination of Fall River's water supply, State Treasurer William S. Youngman went to the city to arrange for financial aid to tide over the emergency.

WILL OFFER CASH AID. Under the h.s., the State treasurer, with Attorney-General Arthur R. Reading and Director of Accounts Theodore N. Wadwell, has power to authorize municipalities faced with an extraordinary situation to secure short loans outside the debt limit.

READY TO SEND NURSES. He disclosed that the Massachusetts Tuberculosis League has twelve nurses and lay workers ready to send to Fall River at any time.

Dr. Richard J. MacKnight, State district health officer, is now in Fall River conferring with Dr. Ernest M. Morris, health commissioner of the city.

Gov. Fuller Letter to the Stricken City

Governor Fuller's letter follows:

"I was shocked to learn of the great fire that raged throughout the night in Fall River, leaving devastation and distress in its wake. I received General Foote's report of the situation gathered on the scene, and he tells me that every service is being given to the situation by the State police that he can think of or that has been suggested.

"I have instructed him to report to you again directly to see if there is anything in addition that we can do or that you would suggest.

GLAD FEW LEFT JOBLESS.

"Confirming my conversation with you this morning, I was relieved to know that there were no homes or apartments in the devastated area and that very probably there would be no great numbers out of employment as a result of the fire.

"However, it occurred to me that you might find occasion to start a relief fund, and in that event I should appreciate the privilege of participating in the extent of one thousand dollars, if I am obliged to leave for New

York today on a trip that has been planned for some time, but I have asked the Lieutenant-Governor to collaborate with you in meeting the present situation in Fall River in any way that you and he may deem expedient.

"I furthermore have instructed Dr. Bigelow, Commissioner of Public Health, to visit Fall River and report on the disaster, as well as to place his services at your disposal."

PLEA FOR VERMONT ROAD BILL IS BEFORE CONGRESS

Washington, Feb. 3 (A.P.)—Approval of the Gibson Bill, providing a Federal appropriation of \$2,434,000 to Vermont for rebuilding its highways and bridges damaged in the flood last November, was voted today in the House Roads Committee by Democrats, Republicans, and Progressives. Other sponsors for Vermont included Chairman Thompson of the State Highway Commission, Frank O. Fairbridge, president of the State Credit Corporation, and John Spargo, author of the legislation.

Hotel Prey to Flames

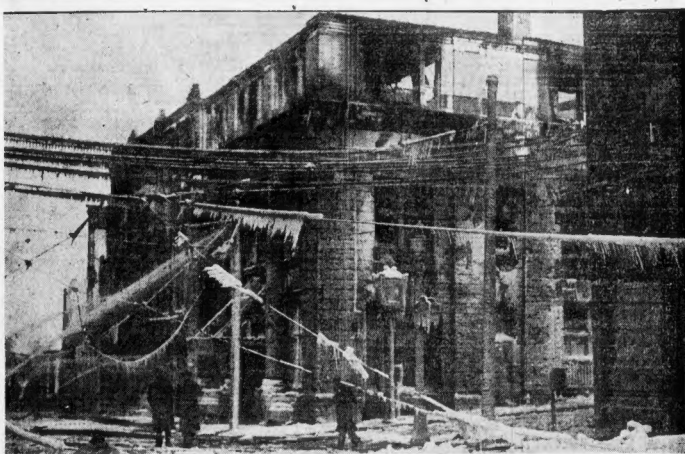

BATTLING BLAZE AS IT SWEEPS THROUGH HOTEL WILBUR

Firemen faced death and injury as they stood amid a tangled maze of ice-coated wires and fought the raging flames sweeping through the heart of Fall River. Photo shows smoke-eaters making heroic stand to save the Hotel Wilbur. The glistening wires snapped and fell sputtering to the street, imperilling all in their path.

As Firemen Battle

GUARDING THE BANK VAULTS FROM LOOTERS

Troy Co-operative Bank building with its interior fire-swept, roof gone, covered with ice and nothing left but the stone walls. Firemen are seen playing streams on the ruins to drown the smouldering embers. Guards have been stationed at the bank vaults of several burned banks to protect money in the vaults from looters.

Watch Placed on Banks

LOOKING DOWN ON HEAPS OF RUINS IN FALL RIVER

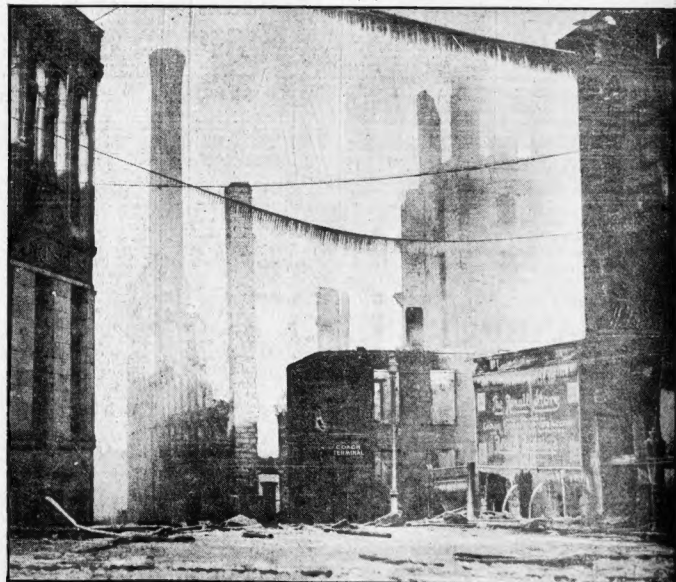

This picture, taken from an airplane by William Jones, Boston Evening American staff photographer, shows the flame-swept path through the centre of Fall River's business centre where damage will reach to between \$7,000,000 and \$12,000,000. Charred and roofless mills and other buildings may be picked out through the smoke which still arises the "day after" the big blaze.

BOSTON EVENING AMERICAN
 BOSTON, FRIDAY, FEBRUARY 3, 1928

EXTINGUISHING LAST GLOWING EMBERS

Ice-coated trolley wires sag overhead as firemen play the hose on the debris in case sparks should remain. A scene of desolation meets the eye on every hand in burned area, while wreckage fills the streets.

GAUNT CHIMNEYS DOT THE RUINS

Standing bleak against the wintry sky is the stone tower of one of the old mills for which the city was famous. The mill itself is a mass of ruins. Bus Terminal office is shown in picture.

PROBE FALL RIVER FIRE; TROOPS GUARD RUINS

300 TREATED FOR RAGING BLAZE PERLS CITY

Continued From Page 2.

More than 200 persons, virtually all of them firemen, were treated for minor injuries during the fire and twelve are in hospitals.

Boston firemen of three engine companies dashed over the road in record-breaking time and saved several buildings. These companies were Engine 24, Holliston street; Engine 12, Dudley street; Engine 4, Dedworth square.

The six pieces of apparatus, together with Chief Bennett's private car carrying the chief, Commissioner Sullivan's car and the commissioner's car, and the automobiles of other Boston fire officials—seven cars in all—passed home today.

Girls Are Heroines

Engine 24 and its hose wagon, together with the crews, saw action and played a role in the saving of the apparatus was used to "cover in" at several local stations.

Three huge straw-walled textile mills, the Boston Textile Co., the theater, a church, newspaper plant and several other local offices, buildings—27 structures in all—were saved.

The mills had been idle for months, having been sold and undergoing changes for different types of manufacture. The owner is Louis K. Lio, chief of Boston and F. J. Brady.

Chief Sullivan was notified by telephone at Palm Beach, where he is on vacation, that a fire had broken out in the city.

Telephone 24, No. 10, in number, alerted him and the firemen in the city.

The night crew of the mill exchange stayed on duty until the blaze had been brought under control.

The staff of the Fall River Globe, the city's only newspaper, was saved from the flames.

Chief Sullivan reported that his men, at the first fire, found the mill building, which was burning, and that he had been told that the fire was in the mill building.

He said that the fire was in the mill building, and that he had been told that the fire was in the mill building.

He said that the fire was in the mill building, and that he had been told that the fire was in the mill building.

Without Protection

"I am not sure about that, but I do know that the sprinkler was not working," said a fireman who was on duty at the time of the fire.

He said that the fire was in the mill building, and that he had been told that the fire was in the mill building.

He said that the fire was in the mill building, and that he had been told that the fire was in the mill building.

He said that the fire was in the mill building, and that he had been told that the fire was in the mill building.

Advisory Traffic

A petition of the Governor of the State of Massachusetts, signed by the city of Fall River, was filed in the Supreme Court of the Commonwealth, asking for an advisory opinion on the constitutionality of a bill introduced in the House of Representatives, which would give the city of Fall River the right to issue bonds for the purpose of improving the city's water supply.

Red Cross and Other Aid Sent From Washington.

Washington, D. C., Feb. 3 (A.P.)—Sympathy for Fall River fire victims was expressed in many quarters here after the White House, members of Congress, Red Cross, and other officials had called newspaper editors to get details.

The Red Cross, dispatched Mrs. F. W. Weston, field representative, from Providence, to direct the relief work.

Secretary of Labor Davis, director-general of the Lloyd Order of Moose, telegraphed to the city of Fall River to offer every possible assistance.

That the girls were forced to leave their homes, they had kept Fall River in communication with the outside world some three hours after it had been considered that all communication was shut off.

Two hundred soldiers in the city went down before the flames, the Granite Building and the Industrial Building, the Granite Building being assessed for \$1,700,000.

It was shortly after six o'clock that the fire started which was to wreck history in Fall River.

The fire started in the Granite Building, which was a three-story building, and it spread rapidly to the other buildings.

The fire was in the mill building, and it was in the mill building.

Some of the hundreds of citizens who were in the city at the time of the fire, were in the city at the time of the fire.

Some of the hundreds of citizens who were in the city at the time of the fire, were in the city at the time of the fire.

JERRY LOSES ANOTHER PLEA IN LIFE FIGHT

With only 22 days more remaining before the week in which he is doomed to die, Jerry Jedzum, "Jerry the Pole," has his motion today in Supreme Court for a writ of error to compel revoking of the death sentence.

Judge Walt denied the petition that would have compelled revocation by Judge Lourie in Superior Court.

At the same time, Judge Walt allowed a motion by Assistant District Attorney Crafts of Middle City.

ONE OF AMERICA'S GREATEST CHAINS OF FURNITURE STORES

Hub, Bay State Auto Toll Cut; U. S. Deaths Up

Chicago, Feb. 3 (A. P.)—Automobile fatalities in the United States last year increased more than 1,000 over 1926, the National Safety Council estimates from partial reports of cities and states. In 1926 deaths charged to automobiles aggregated 23,500. Of the nation's eight leading cities four, Philadelphia, Cleveland, St. Louis and Boston reported fewer deaths.

Chicago, Detroit and Los Angeles show increases. New York is not mentioned in the council's incomplete survey. Massachusetts again reports a reduction over the 1926 record. All of the cities in that state of 100,000 population or larger, with the exception of Cambridge, reported decreases.

OIL MAN AGAIN DEFIES SENATE IN HOT TILT

Washington, Feb. 3 (A. P.)—Robert W. Stewart, chairman of the board of the Standard Oil Company of Indiana, persisted today in his defiance of the Senate oil investigating committee.

He stood fast by his refusal to answer questions as to whether he had discussed with Harry F. Sinclair, owner of Tropic Petroleum, the sale of the Standard Oil Company of Indiana, which made millions by buying oil for \$1.50 a barrel in the United States and selling it back to the Standard and Sinclair companies for \$2.75.

Recalled to the stand facing censure for contempt, Stewart indignantly reiterated the attempt of Senator John D. Edwards, Democrat, Missouri, committee proponent, to justify a question which he said should be placed first before a judge and jury. He is a witness in the Fall-Sinclair conspiracy trial awaiting trial at the Federal House here.

DAVES DISPUTES HIM

Before he appeared, Herman G. Daves, brother of the vice president, former Senator Thomas of Colorado, and A. E. Humphreys, Jr., of Denver, were placed on the stand to dispute his testimony that a price of \$1.25 for the Continental Oil had been paid in their presence in New York where the famous deal was consummated.

After preliminary sparring Walsh asked: "Did you know anything about the purchase of Liberty Bonds by the Continentals?" "Knowing what I have said before," Stewart replied, "I don't think I should answer."

"Were you ever consulted about the disposition of the bonds?" Stewart hesitated.

"NOT YOUR BUSINESS." "Why did you hesitate?" Walsh asked.

"That is none of your business, Senator, and it is not of the business of the committee. I say that with respect." "Then the Standard Official again declined to answer."

Senator Cutting, Republican, New Mexico, took up the questioning and set into a realm of assumption and once said that it was a "possible assumption" that Stewart was committing perjury.

"I say that an insult," Stewart shouted as he banged the table and leaned forward toward the Senator. "I shall leave this room instantly if that is to go on. The Senate of the United States has not subjected you to insult."

"I think that statement should be withdrawn," Walsh interjected. "Then I'll withdraw it from the record," Cutting said. "I did not mean to insult you."

Chairman Nye asked: "Do you know of anyone who received the Liberty Loan bonds of the Continental Trading Company?" "Yes, because I have given it over successfully to answer."

"Very well," said Nye. "Have you had any conversation with Harry F. Sinclair about these bonds?" "I respectfully decline to answer."

"Do you know anything about any of these bonds going to a political party?" "No sir."

Stewart was then excused but was told to remain in Washington at least another day.

HEARD YALE GAME OVER RADIO IN AFRICAN WILDS

New Haven, Conn., Feb. 3 (A. P.)—The radio account of the Yale-Yale football game last Fall was listened to by William Birney, Yale '07, manager of mines in northern Rhodesia, South Africa, he writes to the Alumni Weekly. The last quarter came in on Sunday morning. Of his descriptive story of the window when mention was made of the article as "early football" and the featured participants looking like a "swarm of insects," Mr. Birney said listening in white and sunless boots.

Charges Cruelty

Charges of cruelty are made in an action for divorce brought in Middlesex Probate Court by Mrs. Abel A. Horse against Edward B. Horse, Boston and Willsboro, Me. Mrs. Horse alleges cruelty on May 29, 1927, and subsequently.

DE VALERA SAYS HE HOPES TO BEAT COX

New York, Feb. 3 (A. P.)—Eamon de Valera, leader of the Republican opposition to the Irish Free State form, in an interview today expressed the hope of defeating President Cochrane at a future general election.

In Valera's opinion, the Irish Republic is beyond the capacity of the present government to maintain.

He said he was not a low-country man and that the country was day will be a republic. He said he intended to do all of the work of the Irish Republic at the first opportunity. De Valera said one of the purposes of his visit here was to meet with the establishment of a newspaper in Dublin.

De Valera is not with the street. They say he is in the Boston American Club. At 8 P. M. Walter—Classifications 50 and 51.

SAFE ROBBERS STEAL

SAFE; FAIL TO OPEN IT

Pastock, Feb. 3 (A. P.)—Thieves entered a Piquette Wagon store in the night and carried out a small safe containing \$99, but failed to open it. The manager found the safe in a garage in the rear of the store today, with the money intact.

Scores of Uses for LaChoy Chinese Sauce

LaChoy Soy Sauce is the only genuine imported Chinese Sauce. Ask for it by name.

Essential for proper flavoring of all Chinese dishes, such as Chop Suey and Chow Mein, LaChoy Chinese Sauce is delicious for seasoning soups, stews, salad dressings and gravies. Keep a bottle handy on your pantry shelf. Your grocer also sells LaChoy Chow Mein Noodles, Sprouts and Bamboo Shoots—packed in sealed containers, ready for use.

Betty Crocker's

SOCIETY TO DASH FROM OPERA TO SENIOR SUPPER DANCE, BETTY ALDEN REPORTS

Many Supper Parties to Be Entertained at Copley-Plaza; Margaret Collins and Leopold Greuner to Plight Troth at First Parish Church, Brookline Tomorrow

THE GLITTERING OPERATIC PAGEANT MOVES TO ITS first week's climax, with Garden and "Le Jongleur de Notre Dame" this evening's magnet—and, of course, a crowded house will result. But, however greatly society is concerned, mainly, to the Senior Supper Dance set this evening, the opera is but prelude to their dance. Until the small hours of tomorrow this very smart and very exclusive coterie will dance at the third affair in the Winter's series of five, all at the Copley-Plaza.

AND IN ANOTHER COTERIE, MUCH SMALLER, TO BE SURE, but, like the Senior Set, frivolously rather than artistically inclined, this evening is important. At the Club Marco Miss Margaret Collins and her fiancé, Leopold Greuner, celebrate their wedding eve by dancing and dining and entertaining the wedding party in the accepted way of just-about-to-be brides and bridegrooms. Miss Collins and Mr. Greuner exchange their marriage vows tomorrow in the First Parish Church in Brookline. It is one of the trio of marriage ceremonies that give special distinction to February's first Saturday.

INDICATIONS ARE THAT PRACTICALLY THE ENTIRE Senior Set will come out this evening for the dance. "Reservations" by important hostesses and important hosts run into numbers ranging from the group of octet size way into the twenties. John W. Watson has a dozen guests for his Supper Dance table. Mr. Watson is this week doing the opera religiously, but, like so many others of his highly-placed set, never misses a Supper Dance. The John L. Bremer Supper Dance party is a round dozen, like the Watson group. Mrs. John Holt brings eighteen.

SMART YOUNG GIRLS BELONGING TO THE VERY INNER-MOST circle are "hostesses" this evening. Miss Mary Hunsell, Miss Rosamond Dorland, Miss Katharine Lane are three important young women to entertain at dinner and bring on their guests to the Copley-Plaza. Mrs. Henry St. John Smith, with fourteen; Mrs. W. David Sollier, Jr., Mrs. Thomas Gannett with eighteen; Mrs. Richard Thorndike with twenty; Mrs. John Geary, Jr., with ten; Mrs. Lathrop Motley with ten; Mrs. Francis C. Gray with a like number. Mrs. Henry Parsons King, Jr., with ten, and Mrs. Lyman Rice with eight guests, each are down on the Supper Dance reservation's list.

IGNIFIED DOWAGERS, FORMALLY ARRAYED FOR OPERA, never fail to give eclat to box or parterre reservations. In her box last evening Mrs. Curtis Guild was most formally turned out, in silver cloth and beautiful jewels. A dog collar of pearls, a chain of diamonds holding a gleaming pendant, and bracelets of platinum and diamonds gave to opera costume its scintillant note. Diamonds flashed from Mrs. Edward Jackson Holmes' corsage, and her very handsome black velvet frock was touched with silver at the shoulders.

MRS. TIMOTHY ADAMOWSKA AFFECTS THE HEAVY chain bracelets of clinking gold with her costumes. Last evening that golden gleams harmonized perfectly with a gold net and metal cloth gown. Mrs. John Chipman Gray's chief ornaments were pearls, many strands of precious things about her throat. Mrs. Gray had Mr. Henry DuBois Tudor and the Marchesa Ferranti in her box. The Marchesa's gown of wood violet was most attractive. Mrs. Gerald Bramwell's gown was rose and gold metal cloth.

PROBABLY NO "OMNIBUS" BOX IN ANY HORSESHOE HAS contained a handsomer trio than Mesdames J. Brooks Fennel, Horace Binney and Harry Hill Thorndike. Jewels gleamed and plumed fans waved. Gowns were handsome in the extreme. Again it is the dowager that takes the palm for dressing the opera scene so gorgeously. Mrs. L. Tucker Barr is another dowager whose jewels are lovely and whose gowns for opera are formally itself. Never does this lovely-to-look-upon social personage appear in a favorite seat. Mrs. Barr owns some priceless jewels which she wears frequently.

VERY ELABORATELY DESIGNED IN VIVID SQUIGNS WAS the gown Miss Miriam Winslow wore last evening. Mrs. Harry Pratt McKean was in lipstick red. Miss Isabella Mumford wore a pompadour taffeta. Miss Isabel Beckwith's smoke blue gown and ermine wrap were girlishly pretty for a fluffly haired maid such as she. Mrs. George Cushing wore old blue with pearls and an ermine scarf. Mrs. John Badridge, an opera "regular" in wearing a succession of handsome costumes. One was a blue cloth, beneath a red velvet wrap collared and cuffed in white fox.

LIKE A LOVELY LADY FROM THE LAND OF THE DONS, ALL in ceremonial white, Mrs. Alvin P. Sorwell was a vision from the embroidered arial that swathed her shoulders to the high clicking heels of her white slippers, all encrusted with brilliants. Miss Frances Thompson wore a white frock, a French creation of crepe covered with sequins that glinted with a suggestion of rose and gold. Mrs. Homer Richardson's lame frock was a dusty, misty blue, and her daughter, Miss Frances Clark, was in dark blue designed in Egyptian gold.

VIVID AS A TROPICAL SUNSET WAS MRS. MORGAN BUTLER'S gown. And Mrs. Henry Crocker Barr's jade moire was equally effective. As these matrons looked down on the orchestra from their box in the horseshoe's centre. In the Walter C. Baylies box Miss Ruth Baylies, in laurel green and Mrs. Baylies in taupe and rose metal cloth were sufficiently decorative. Mrs. Henry G. Vaughan wore a rose and gilt scarf with her black velvet gown and ropes of pearls. Mrs. Alvan Tully Fuller's handsome gown was of emerald green velvet done in gold points.

"BOSS" TO BE GUEST OF HOLY NAME SOCIETY

"Boss" Gille, flamboyant mayor of Newburyport, is to be the guest in East Boston Sunday morning of the members of the Holy Name Society of the Church of Our Lady of Mt. Carmel.

President Henry Solvillo expects 500 men of the first and second sections of East Boston will participate in a communion service, which will be followed by a breakfast in Amory Hall. Ex-Mayor James M. Copley of Boston has promised to speak, and other speakers will be Lawrence L. Quigley of Chelsea, Attorney Vincent Bregan, Judge Charles J. Brown of the East Boston District Court and Captain Archibald P. Campbell of the East Boston police station.

Many used that have given only a few minutes to the service. See the list on page 10.

SCHOOLBOY, 15, ENDS LIFE IN LABORATORY

Hartford, Feb. 2 (AP)—William H. Bryant, 15, a sophomore at Leominster Institute, Windsor, committed suicide by inhaling gas. His body was found in the physics laboratory of the school by two students. All of the gas jets in the room had been turned on. Nathaniel H. Bachelder, head master, said the boy lived in New York, and was a student of St. Anselm's Prep, a widow's motive for the boy's act has been found. His mother visited him Sunday.

WERRENRATH, NOTED BARITONE, WEDS

Washburn, N. J., Feb. 2.—Rainald Werrenrath, famous baritone, married here Verna Nidig, 34, of Washington. Werrenrath gave his age as 33. They were married by Mayor Emil Gruent at his home.

ITALY LIMITS IRISH RIVALS RIGHT TO VOTE FAIL TO MEET

Rome, Feb. 2 (AP)—A bill abolishing universal suffrage in Italy and limiting the right to vote only upon those who contribute to the progress of the nation was approved today by the Grand Council of the Fascist party.

The project also makes Italy a one party nation.

G. B. S. SAYS ENGLISH SPEAK BAD ENGLISH VERY BADLY

London, Feb. 2 (AP)—The advice of George Bernard Shaw to foreigners is that they should learn to speak English correctly. "If you do," he says, "you may win understanding." In London 500 out of every thousand can only speak bad English but speak even that very badly.

GIVE BLOOD TO SAVE GIRL WHO LOST LEGS

Chicago, Feb. 2 (AP)—Blood transfusion, performed in an attempt to save the life of Miss Sadie Holland, whose legs were amputated after extensive use in following a "security" operation had resulted in a slight improvement in her condition today. Dr. Paul Macdonald performed the transfusion after Miss Holland suffered a secondary hemorrhage. Miss Holland underwent an operation several days ago to have her lungs, which were said to be slightly bowed, straightened.

SUBMARINE S3 IS SAFE

AT GUANTANAMO BASE

Washington, Feb. 3 (A.P.)—The submarine S3, which was out of communication with the control force for nearly three days, has arrived safely at Guantanamo Bay, Cuba, here this morning. The report to the Navy today reporting the arrival did not state what trouble the craft encountered which caused so considerable anxiety here and prompted a search for her.

\$6,500 FIRE IN CANAL

STREET HALTS TRAFFIC

A fire said to have been caused by spontaneous combustion today caused damage estimated at \$6,500 in the store of the Canal Tire and Rubber Company, No. 97 Canal street. The building is a one-story concrete structure, owned by the Balazs Estate. Traffic on Canal street was blocked more than half an hour.

70 APPLY AS JANITOR OF WEBSTER TOWN BUILDING

Webster, Feb. 3 (A.P.)—Seventy applications have been filed for appointment as janitor of Webster's new \$700,000 municipal building, according to an announcement made today by the chairman of the selectmen, who says he expects there will be 100 before the date on which the board will act in this matter.

Boston saw the coldest morning of the winter today.

A twenty degree drop from yesterday took the official mercury to 10 degrees above zero before the day breath started seaward with a promise of moderation in its wake.

Colder spots registered much below this mark, however, in various sections of the State.

Burlington and Bedford tied for the frigid honors, reporting 10 degrees below zero in each place. Concord and the Pine Hills Observatory registered 2 below and Lexington and Lincoln a degree lower. Milton remained at the zero mark, while points nearer the city struggled above that point.

Fields Corner, Dorchester, registered 10 below and Charlestown registered 4 City Point showed 6 and East Boston 10 above.

At Nahant, N. H., today thermometers registered 14 degrees below zero.

Northfield, Vt., reported 14 degrees below; Greenville, Me., 10 below and Eastport, Me., registered 4 below.

Temperatures were reported climbing through the Middle West with the area heading this way promising warmth in 48 hours.

Forecast for Boston and vicinity: Fair tonight and Saturday; rising temperature with moderate easterly winds.

Barnstable, N. Y., Feb. 3 (A.P.)—Temperatures under 20 degrees below zero were registered here early today as the Adirondack region experienced the coldest night of the winter.

Officer George Smith testified Hartman stole a quantity of peanuts from the basket of Regis and a crippled fruit and candy peddler, which had been left outside the Hawkins Street Warfay's Home.

Asked to explain, Hartman said he was 10 cents short of buying the price of a bottle of hair oil, of which he consumed two each day.

Wright Plane, "Daddy of Them All," Quits U. S. for Britain

DAYTON, O., Feb. 3 (A.P.)—

The Wright Brothers' airplane in which Orville Wright made the first flight at Kitty Hawk, N. C., on December 17, 1903, is on route to England and may be permanently exhibited in the Museum of Science, South Kensington, London.

The quiet flying machine was shipped Wednesday by Orville Wright after years of debate with the Smithsonian Institution, Washington, which credits the Laney ship, exhibited there, with having made the first successful flight.

"Perhaps our Newburyport children are different than those in other towns," Dr. Rickford said. "It is appalling to see the condition of these tiny tots' dental structure. I am sure I always want to get hold of the baby before the mother has had time to warn him not to cry."

"If I can do that I can make

NEW HOTEL AND 4 INDUSTRIES FOR LOWELL

LOWELL, Feb. 3—Four new industries and erection of a new hotel in a national chain were seen today for this city with news from a reliable source that the industries are to occupy the Hamilton Manufacturing Company properties and local men were being interviewed on the hotel proposition.

The developments come on the heels of the depressing announcement concerning the Boston shoe and the New England Southern Mills controversy, that spelled a loss of industry for Lowell.

The four industries will occupy considerable space in Hamilton properties.

Twenty local men are sought with investments of \$5,000 each to build the hotel proposition, it was learned today. More than half of that number are reported to have been obtained.

MAY OFFER DE VALERA FREE STATE CABINET POST

London, Feb. 3 (A.P.)—A Dublin dispatch to the Daily Express today indicated that Eamon de Valera might be invited to join the Irish Free State ministry when he returns from America. The hint was contained in an interview with the former Governor Timothy Healy of the Free State regarding de Valera.

"Some members of the Daily Express think it would be wise to put him in the ministry in order to let the electorate see before the next general election how far de Valera and his party are his people," Healy was quoted as saying.

PIPE STARTS BLAZE IN PORTABLE SCHOOL

Witnesses minutes before the portable school was to report for classes today, the blaze from a portable building connected with the Brookside (Irish) school at Appleton and Dartmouth streets, South Boston, the fire, starting from an overheated stove pipe, caused damage of \$500.

WANTS 'BOSS' TO AID SCHOOL DENTAL WORK

BOSSEY, Mayor of Newburyport, should begin to "clean up" among the babies 15 months old, according to Dr. J. L. Rickford, who told the State school dental workers meeting today that he could not account for the destruction of dental structure among Newburyport children.

"Perhaps our Newburyport children are different than those in other towns," Dr. Rickford said. "It is appalling to see the condition of these tiny tots' dental structure. I am sure I always want to get hold of the baby before the mother has had time to warn him not to cry."

"If I can do that I can make

the baby life instead of dread dental examinations." Dr. Rickford was discussing the new-school aspects of Newburyport's community dental program, which is not supported by the city or State.

THE BOSTON EVENING AMERICAN

BOSTON EVENING AMERICAN FRIDAY, FEBRUARY 3, 1928

B. A. A. Makes Final Attempt to Get Peltzer

Jack Conway

ASKED Mr. Boston how he happened to be the first person to get the low down on the fact that defective eyesight had caused Jack Dempsey to retire.

By asking you, I should have asked the referee. I was the only one who saw Dempsey's eyesight. I was the only one who saw the referee's eyesight. I was the only one who saw the referee's eyesight. I was the only one who saw the referee's eyesight.

George F. Peltzer

Chairman of Unicorn Athletic Committee Hopes to Return With Carman

By JOE CASHMAN

The eve of the B. A. A. games, the biggest track fixture in this part of the country, finds the Unicorn officials still busily engaged in trying to pull the strings necessary to get Dr. Otto Peltzer, German mid-distance star, to compete at the Arena tomorrow night.

WHEN THE EYES SAY "NO"

Diagram illustrating the connection between the eye and the brain, showing how blood vessels and the optic nerve are involved in vision.

Mike McTigue

McTigue Takes

New York, Feb. 3 (A.P.)—Mike McTigue will have an advantage of three pounds over Leo Lomski in their ten-round light-heavyweight match tonight at Madison Square Garden. McTigue, in this advantage, beats the State Athletic Commission, McTigue scaled 135½ and Lomski 138½.

Justice F. Favorite in \$50,000 Race

Fair Grounds, New Orleans, La., Feb. 3 (I.N.S.)—With clear weather prevailing, racing picture was a good one for the big local Water race—the fourth running of the \$50,000 New Orleans handicap over the mile-and-a-half route.

George F. Peltzer

Shows how the trouble developed, according to Dr. Resnick, Hup specialist. Below is a close-up of Dempsey's badly battered left eye after the first fight with Gene Tunney.

Dr. Resnick Explains Dempsey's Eye Injury

The following article prepared by Dr. Resnick, Boston physician, explains how blows received in the ring have impaired Dempsey's eyesight.

By DR. SARLE RESNICK

This discussion on the loss of vision is covered from direct or indirect blows to the eye which are characteristic in the boxing ring, thus ruling out systemic diseases as other causes.

U. S. CUP TEAM DRAWS MEXICO AS OPPONENT

Paris, Feb. 3 (A.P.)—The United States and Mexico will battle in the first round of the Davis Cup matches, American zone, the day after this afternoon at 8:30 p.m. by President Doumergue's order.

Kid Kaplan to Box Bobby May

New Haven Conn., Feb. 3 (A.P.)—Kid Kaplan, former featherweight champion of the world, now located in the lightweight ranks, has signed a match with Bobby May, a local contender, for a fight at the local arena, February 13, at 8 p.m.

STANDARD OIL COMPANY OF NEW YORK

13 TIMES

WE TEST SOCONY GASOLINE AND MOTOR OIL

WE could tell you a great many technical details about Socony Gasoline and Motor Oil. They would not interest you. The important facts are these. A product is just as good as, and no better than, the Company that makes it. Our Company has been refining oil for fifty-four years. We produce our own crude. We test our product 13 times between the time when it comes out of the ground and the time when it is put into your car. Almost every invention for improving gasoline and oil is offered to us first. And whenever it is possible to make Socony Gasoline and Motor Oil better, they will be made better. Meanwhile we know that you will prolong the life of your car if you standardize on Socony.

Do You Know the Socony Touring Service?
When you are going somewhere, there is always the question of what road to take. That is exactly what the Socony Touring Service can tell you. They know road conditions and detours. And they know the best roads. Write to them at 26 Broadway, New York City. Their services are at your disposal.

MOTHER!

Cross, Feverish Child Needs this Harmless Laxative

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! It coated, or your child is ill! Cross, feverish, breath hot, restless, doesn't eat heartily, full of colic or has sore throat or any other ailment, give a teaspoonful of "California Fig Syrup," then don't worry, because it is perfectly harmless, and in a few hours all constipation, sour, liver and fermenting will gently move out of the bowels, and you get a well, playful child again. A thorough "inside cleansing" is often all that is necessary. It could be the first treatment given in any sickness.

Beware of counterfeit fig syrups.

Ask your druggist for a bottle of "California Fig Syrup," which has full directions for babies, children of all ages and for grown-ups, plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

THE MEDITATIONS OF A WIFE

By HELEN ROWLAND
O'NEILL again, a popular physical adviser to warn us that we must not quarrel at meal times.

"MUST NOT"—Indeed! Somebody is always taking the boy out of life. Somebody is always trying to rob the American people of their favor the pastime!

Turner is the Great American FIGHTING HOUR. We take and fight him with our meals, in the popular restaurant. And it is perfectly safe to bet that, if any man you see dining in a cozy little colored grill isn't making love to the woman opposite him, he is trying to give her a divorce.

Half the divorces in America have been planned and carried out by the soup and the dumplings, in the popular restaurant. And it is perfectly safe to bet that, if any man you see dining in a cozy little colored grill isn't making love to the woman opposite him, he is trying to give her a divorce.

As for the home-maker, it offers so many things to quarrel about that only a moron could fail to find a good thing to pick. By the time a man reaches the home evenings, a woman usually has a list of things to tell him, ask him, reproach him for, or accuse him of.

After a woman has been holding a secret grievance all day, the sight of a man cheerfully consuming a large slice of rare roast beef makes him seem so much more "cheerful" that she can no longer restrain her vent-up emotions.

Realize, however, we've been told for years that the psychological moment to strike for a new love suit is just as you are about to have served a meal, a perfect moment.

And isn't that always good for a hearty, roasting run?

A man, of course, prefers to do his quarrelling at breakfast. The average man would be just as glad to quarrel with his wife at breakfast. The average man would be just as glad to quarrel with his wife at breakfast. The average man would be just as glad to quarrel with his wife at breakfast.

Look how early and grumpy most old bachelors are! TULY have nobody to blame things on at breakfast. The average man would be just as glad to quarrel with his wife at breakfast. The average man would be just as glad to quarrel with his wife at breakfast.

Look how early and grumpy most old bachelors are! TULY have nobody to blame things on at breakfast. The average man would be just as glad to quarrel with his wife at breakfast. The average man would be just as glad to quarrel with his wife at breakfast.

FOR LUMBAGO

Most people know what to do for headaches; many declare nothing is quite so good as a Bayer Aspirin tablet. Nor does anything else seem to break a cold so quickly. But it's things like lumbago that show what Aspirin can really do! Neuralgia and neuritis. Rheumatism. When your very bones ache! That's when you're grateful for Aspirin! Get the genuine Bayer Aspirin, though, with Bayer on every tablet and on the box, with proven directions inside. All druggists.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

Aspirin is the trade mark of Bayer Manufacturers of Mannesmannstrasse 66, D-5300, Germany

THE BOSTON AMERICAN'S PLATFORM FOR BOSTON AND NEW ENGLAND

For BOSTON: 1—Clean streets.
2—Better pay for honest public service.
3—An airport SECOND TO NONE.
4—Erection of a MUNICIPAL AUDITORIUM to compare with any in the land.
In order that Boston, properly supplied with first-class hotels, may be the premier convention city of the U. S. A.

For NEW ENGLAND: 1—Weld the six States into a unit through the activities of the New England Council, thus creating a community consciousness.
2—Promote intercourse with Central and South America, encouraging New Englanders "to turn to the sea" again.

3—Keeping everlastingly at the job of telling the rest of the country all about our unique advantages as Summer and Winter Playground of the Nation.
4—Foster the prosperity of our industries through (1) greater efficiency in production and (2) the use of modern methods in merchandising.
5—Promote in every way such natural resources as forests, water powers and fisheries.
6—Assist New England agriculture to better marketing methods.

Help for Fall River

Let It Be Quick AND Generous

The first thought that comes in connection with the fire which has taken the heart out of the retail trade section of Fall River is one of thankfulness that no lives were lost and no industrial plant has been destroyed.

Nevertheless this fire was the most disastrous in the history of the city. If the earlier estimates gathered by reporters working under most unusual handicaps prove to be approximately correct it stands, in respect to the money loss, much greater than Chelsea's \$10,000,000 fire of 1908 and Salem's \$12,000,000 fire in 1914.

This is a terrible blow to fall upon an old New England city, and especially upon a "one industry" town which has been upon short rations ever since cotton textiles began to stagger with the end of the wartime boom.

Fall River may not ASK for help, any more than Vermont felt like asking for it, but Fall River will need it. Hotels gone, theatres and newspapers gone, scores of retail stores destroyed, hundreds of men and women will be out of work in a section and at a time of year when the sort of employment they are best fitted for is not to be had for the asking.

The Commonwealth and its cities will be quick to ask Fall River just what she needs and in what quantity—and twice as quick getting it to her.

How Are Your Feet?

Opinions of a "Footologist"

How many New Englanders suffer from "foot trouble"? SO many, in the opinion of Mr. Everett H. Dunbar of Lynn, that if all with ailing feet were isolated there would not be people enough outside of the hospitals to do the day's work.

In a city where they make shoes and know all about them Mr. Dunbar is looked upon as an authority upon the foot. The shoe City's name for his profession is "footologist." Feet are "changing," the footologist believes. When he entered upon his work 90 per cent. of all the ills that came to him were caused by fallen INSTEP arches. Today, at least 50 per cent. of foot trouble is caused by fallen FORE-PAK arches.

Just what causes the forepart arch to break down no one can say. One cause may be the concrete sidewalk. But the trouble may be that our feet do not get exercise enough. We ride too much and walk too little. The Red Man, who wore no stiff shoes and knew not sidewalks, never had to consult the "footologist."

Girls in the Gym

Who'll Put Them Out?

The old fellow who was "sartin sure" no good would ever come of equal suffrage will read one of today's dispatches from Lynn and say, "I told you so."

Complaining that the girls have been "hogging" the Gymnasium of Classical High School a delegation of boys representing the school basketball and track squads have called upon Principal Fred C. Mitchell to see if something cannot be done about it.

Success of Classical High against other schools, the boys say, calls for long and uninterrupted practice periods. During the baseball and football seasons the girls can have the gym to themselves, their brothers say, but at this time of year should be satisfied to make use of it at times when the athletes do not need it.

The schoolboys have handed their principal a problem calling for all the Mitchell tact. If he can solve it to the satisfaction of everyone concerned he may expect to have his name mentioned as a likely successor to Mr. Bauer. That is, if Mr. Bauer is to have a successor.

But what a long way we have gone since the dear old days when athletics for girls meant croquet, beanbag, or at the most "calisthenics." The old-timer who was afraid of suffrage must think things have come to a pretty pass.

A Marrying Man

And "Good Provider"

No small part of the admiration we have entertained for Secretary Mellon, Governor Fuller and Mayor Nichols is hereby suggested to one of the foremen in an Auburn, Me., shoe factory.

Messrs. Mellon, Fuller and Nichols have accomplished much for the weary taxpayer, but, after all, they have had the public funds and the public resources to work with.

The man up in Maine presumably has no more than his salary, which is not enough.

His third wife was granted a divorce from the shoe-worker this week when Associate Justice Morrill of the Supreme Court promised to rule later on the amount the foreman must pay for the support of their three-year-old child.

"Mr. —," we read, "is already paying \$30 a week alimony, \$15 a week each to two former wives."
If commoners are going in for this sort of thing divorce and alimony soon will become as unpopular as cotton stockings, six-piece bathing suits and interurban trolleys. But how does the gentleman do it? How much will he have left for himself when his pay is cut four ways? And will he try again or be cured of matrimony? At this distance, he looms up like a financial wizard.
